Product Description

Product Description:

Stainless Steel Coil is widely used in Construction, Decoration, Industry, etc. It is made of 304 Stainless Steel and 316 Stainless Steel with a polishing or galvanizing surface treatment, and with a minimum order quantity of 1 Ton. The length of Stainless Steel Coil is between 1000-6000mm, and it is usually ready to be delivered 7-15 days after purchase. With competitive Stainless Steel Coil Price and excellent performance, our Stainless Steel Coil is definitely your best choice.

Applications:

Tai-steel's 316 Stainless Steel Coil is an ideal choice for various applications such as Construction, Decoration, Industry, Etc. It is a premium quality stainless steel product with excellent corrosion resistance, high temperature and pressure resistance, and a smooth surface. The 316 Stainless Steel Coil has a minimum order quantity of 5-T and is priced at 2900\$ per ton. It is available in lengths ranging from 1000 to 6000mm and is available in various standard sizes like ASTM, AISI, DIN, EN, GB, and JIS. Jans-steel also offers 304 Stainless Steel Coil which has similar properties as the 316 Stainless Steel Coil but is priced lower. Both products come with ISO9001 certification and have a supply ability of 1000 Ton/Tons Per Month. Delivery time is 15 worker days.
